

University of Utah/Facility Operations Roof Access Application and Damage Agreement

Roof safety is the responsibility of the requesting department and any individual granted access by that department. Personal fall protection equipment and proper training are the responsibility of the department. Proper use of this equipment and adherence to OSHA rules governing roof safety is the responsibility of the individual. The need to follow OSHA rules and the proper use of fall protection equipment and procedures cannot be overstated. Any violation could result in SERIOUS INJURY or DEATH, as well as fines from OSHA and loss of roof access privileges. Signing this document indicates acceptance of this responsibility, which can be broad and far reaching. PLEASE CONSIDER IT CAREFULLY.
